

Model Laravel — User

Documentação técnica do model conforme padrão definido no MVP.

Implementação

```
class User extends Authenticatable
{
    use SoftDeletes;

    protected $fillable = ['client_id', 'name', 'email', 'password'];

    protected $hidden = ['password'];

    public function client(){ return $this->belongsTo(Client::class); }
    public function sites(){
        return $this->belongsToMany(Site::class, 'site_users')
            ->withPivot('role')->wherePivotNull('deleted_at');
    }
}
```
