

Model Laravel — Payment

Documentação técnica do model conforme padrão definido no MVP.

Implementação

```
class Payment extends Model
{
    public $timestamps = false;

    protected $fillable = ['subscription_id', 'provider', 'external_id', 'amount', 'status', 'paid_at'];

    protected $casts = ['paid_at' => 'datetime'];

    public function subscription(){ return $this->belongsTo(Subscription::class); }
}
```
